Annual 64.2009(e) CPNI Certification for 2008

Date filed: 11/7/2008

Name of company covered by this certification: Lone Pine Television, Inc.

Form 499 Filer ID: 827440

Name of signatory: Maggie Stukas

Title of signatory: Owner/Office Manager

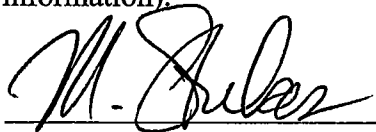

I, Maggie Stukas, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. S: 64.2001 et seq.

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 et seq. of the Commission's rules.

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year. Companies must report on any information that they have with respect to the processes pretexters are using to attempt to access CPNI, and what steps companies are taking to protect CPNI.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI (number of customer complaints a company has received related to unauthorized access to CPNI, or unauthorized disclosure of CPNI, broken down by category or complaint, e.g., instances of improper access by employees, instances of improper disclosure to individuals not authorized to receive the information, or instances of improper access to online information by individuals not authorized to view the information).

Explanatory Supplement:
Provider internal procedures to ensure security of customer's CPNI.

Lone Pine Television Inc. herein called Provider will strive to protect against unauthorized disclosure of customers' CPNI. Provider will only use CPNI for providing or marketing the services from which the information is derived, unless Provider obtains consent from a customer, a provider will notify the customer of the customers' right to restrict use of, disclosure of, and access to that customers' CPNI. Provider will obtain opt-in consent from a customer before disclosing a customers' CPNI to a Provider's joint venture partner or independent contractor for the purpose of marketing communications-related services. The Provider will also take reasonable measures to discover and protect against pretexting. With respect to online access to CPNI, Provider will authenticate a customer without the use of readily available biographical information, or account information, prior to allowing the customer online access to CPNI related to a telecommunications service account.

Provider will NOT release *call detail information** to customers during customer-initiated telephone contact except when the customer provides a password. Provider will notify customer immediately whenever a password, customer response to a backup means of authentication for lost or stolen passwords, online account, or address of record is created or changed. However, this notification will not be required when the customer initiates service or selection of a password at service initiation.

If a breach of customer CPNI occurs, Provider will electronically report any CPNI breaches within 7 days to the US Secret Service & the FBI through a central reporting facility accessed at <https://www.cpnireporting.gov>. Provider will not notify customers of a breach until after the 7 day period in which they are to notify law enforcement.

Provider will file with the Federal Communications Commission an annual certification, including an explanation of any actions taken against date brokers and a summary of all consumer complaints received in the previous year regarding the unauthorized release of CPNI.

**Call detail information will be defined as "any information that pertains to the transmission of specific telephone calls including, for outbound calls, the number called, and the time, location, or duration of any call and, for inbound calls, the number from which the call was placed, and the time, location, or duration of any call".*
